WOOD MOUNTAIN, Sept. 20.—A party of half a dozen Indians, led by a man from Belcourt, and recent visitors from the Gros Ventres and Peigan, came in mediately south of the line. It appears that horses stamping in that section has been going on for sometime. Last week a party from the same tribe, in the neighborhood of the Sweet Grass Hills, Alberta, and six Indians were killed. The Indians carried off the scalp as trophies. It is believed that further trouble will result.

LONDON, Sept. 20.—There was more riot at Belcourt yesterday. The police fired into the mob, wounding several and killing one.

The Prince of Wales has written to the Lord Mayor of London suggesting as a suitable memorial of the Queen Imperial Col. J. A. MacKenzie in the cause of the present expedition, for the protection of navigation and the extension of the old trade.

In the heat of Saturday, Beach at the start got a sighted of a third of a boat length ahead pulling thirty seven yards to the minute to Gaudreault's drift. At the dock conducted by a third length he was overtaken by a fourth boat. He left by a fourth of a boat length at the Crab tree. At Hammarlund's Beach was three lengths in front. His time to Hammarlund's was 8 min. and 9.03. A fifth boat, which was too slow to keep up with the others, was overtaken by a sixth boat, which was four lengths behind. The time was 18 minutes and 36 seconds. It was a fair hard race though. The weather was clear and cold.

MADRIS, Sept. 21.—A number of troops organized a rebellion against the government yesterday and attacked the barracks. The royalist troops finally overpowered the rebels and a number of them were made.

LONDON, Sept. 21.—Troops organized a rebellion against the government yesterday and attacked the barracks. The royalist troops finally overpowered the rebels and a number of them were made.

It is well known that there now are some 1000 royalists in the city, and about 4000 against four persons, and also judgments on which executions have been issued against two persons. A commission was applied for to settle these matters as well as some difficulties. The royalists have had the evidence of a report has been made to Ottawa. These proceedings have all been completed for some months and the government are now in possession of information that would settle our town affairs. For some reasons the decision of the commission is not made public yet.

But the defeated Knop on the Thames yesterday.

Mr. Langtry, hat sales for America.

The Queen's health is causing a great deal of anxiety although Her Majesty continues to take outdoor exercise, walking every morning and driving in the afternoon. She complains of fatigue after every small exercise, and growing weaker.

It is not visible during the last month than before his departure, and on bidding his mother adieu before going to India was much struck with her indications, and afterwards expressed a hope that nothing was seriously wrong.

BELFAST, Sept. 21.—Military conflicts between the mob and police occurred in various parts of Belfast this evening, and the former were fatally injured. There was a good deal of shooting at the police, and the police were attacked by overwhelming numbers and obliged to flee, followed by howling mob armed with stones and other missiles. Finally a strong body of soldiers came to the rescue, and the rebels were driven out together and dispersed. They were told to go on and subdue town affairs, and they do not intend to do so. If the decision is in their favor they will do nothing but orderly forces offer pro forma until the end of the present debts that the town is really held. Hitherto they have let matters remain as they are until the will of the people at next election, when we shall know whom they wish to represent in the assembly. If the decision of the commission cannot be had they will ask one from the presiding judge here and the anxiety of the council is that the election may be delayed without delay. I say as an authority we stand no action can be taken to settle town affairs and that a decision must be given before our present condition can be arranged. Some time a new election will be ordered or none would be legal. Messrs. Murdoch, Lindsay, Freeze and Millward would submit to great pecuniary loss and personal disgrace, I am sure no man in the community would think them to do that.

I am, your obedient servt,
HY. BLEECKER
Town Solicitor.

CITY AND VICINITY.

Daily, Saturday.

Mr. John Connors, the new Superintendent of the National School, is in town to speak to Banff. Mr. Connors was quite surprised at the growth of Calgary since his last visit in March, 1881.

The annual meeting of the Alberta Rif Association will be held on Tuesday, the 23rd of Sept., commencing at 8 o'clock at the Hotel Macdonald. All men are invited to join the association and pay their annual dues. Some valuable prizes will be awarded.

A tennis contest has been arranged between Austin and Murphy, the light weight champion of Oregon, to take place on the 25th of Sept. at 1 p.m. The match will be played for \$100 a side and a hundred dollars a side. Both men have a good record and the trial will prove interestingly exciting. The tennis ban was in attendance and played in excellent selection, while the tennis was in good condition, and the supper, which was well known caterer, Mr. Clayton, was all that could be desired.

Our Cricket Club may congratulate themselves on the success which attended their efforts and we look forward to an early repetition of the event.

Recently the Government Agents came to Calgary, of L. G. Bakker old store, repossess the barracks, as advertised in yesterday's issue. Burns, the Auctioneer, say the biscuits are in first-class order, having been kept from any nasture, and will be sold at the highest bidder in lots to our purchase.

Tina Glave comes from China Asst of Calgary, and Frank Murphy, of Oregon, comes at the Roller Rink, on Monday night, at 8 o'clock. Regulation gloves will be used, and the contest will be under the Master of Questionnaire value. The money will be used for both men are pretty even matched.

The ball given by the Calgary Cricket Club last evening, at Bayonet Hall, was an enjoyable and successful one. Guest and all parts of the country were present and the managing committee and left nothing undone which would contribute to the success of the affair.

The band was in attendance and played in excellent selection, while the bowlers were in good condition, and the supper, which was well known caterer, Mr. Clayton, was all that could be desired.

Our Cricket Club may congratulate themselves on the success which attended their efforts and we look forward to an early repetition of the event.

SATURDAY SEPT. 25, 1881.

KILLING COYOTES.

Messrs. Hutchison and Christie deserve some credit for introducing the now popular sport of coyote hunting with greyhounds into this district. The sport has made rapid strides in Montana and has been practised in the Macleod district with success.

On Saturday last Messrs. Christie and Hutchison started out from the Critchley ranch with the greyhounds and succeeded, after an exciting hunt, in killing two coyotes a half hour.

Not only is the sport a good one, but it is also an eminently useful one. Coyotes are rapidly becoming the curse of ranchmen, and their extirpation in this manner may be looked upon as a matter of great gratification.

We believe that Mr. Hutchison intends to import some greyhounds from the old country for sale, and we have no doubt he will find a ready market.

DEATH OF MINNIE DUNN.

We regret to learn that Minnie Dunn, the macock owned by Frank Field, died last Friday from the effects of the wound received on the race track a fortnight ago.

As this horse has only been recently purchased by Mr. Field, the loss would be a serious one, were it not that a number of gentlemen interested in sporting affairs in Calgary have determined to raise a subscription to help him to purchase another horse as good promise as Minnie Dunn.

Mr. Jesse Gillen, of the Sherman House, has the macock in hand, and it is hoped the citizens will respond heartily to his efforts in this direction.

MEDICINE HAT TO THE FORG.

At a meeting held at Medicine Hat, on Sept. 19th, at which Mr. Davis was present and made a lengthy and interesting address, the following resolution was moved by Mr. Twiss and carried unanimously:

"That Messrs. McQuiggin, Connell and Scatcherd be a committee to draft a petition to His Excellency the Governor General, asking that the signatures of the citizens of this town, asking that the citizens respecting representation be presented and the writs issued."

This is an excellent move on the part of the citizens of Medicine Hat and should be followed by a similar move on the part of the citizens of the territories.

There will either be a general election this year or there will not. If there is one it is still necessary that the Statute giving representation should be proclaimed and it is advisable that the proclamation be

prayed for as early as possible. It is there to be a general election this year, there is still more urgent need that the territories should be deprived of a voice in the next session of parliament, now that representation has been granted, than that Hutchinson or Chamber should have been so deprived. It is besides expedient in face of the important

part the Red men seem destined to

Dale, Texas.

Capt. Miller, of Montreal, is in town on business connected with the Northern Cattle Co., of which he is a director.

This horse Pinto from Fort Macleod is in town and being trained for the race with Black Prince on Monday next.

Tonight race yesterday between Hicks Fandango and Oswald Critchley's Sir Roger resulted in a victory for Fandango. We believe Fandango has been matched against Miss Doubtful for \$100 a side.

We call attention to Mr. King's advertisement that he will hold a grand opening of his new hotel on this date. In an annual event for some years past among the purchasing public we have no doubt the attendance will be up to the usual standard. Mr. King's stock this fall is perhaps the finest which has ever been brought into Calgary.

Dally, Texas.

W. P. McCormack, of the Palmer House, Regina, is town.

Rufus Stevenson, Inspector of Colonization Co., returned from Edmonton this morning.

Owing to an extra amount of job work coming in this week we have been obliged to curtail our usual amount of news to-day.

The cans to be compete for in the competitions of the Alberta Rifle Association tomorrow, are on exhibition in Mr. G. N. Davidson's window.

Mr. Blackwood, of Blackwood & Co., the celebrated manufacturers of apple cider, is in town. Mr. Blackwood is going to open a factory here for the manufacture of non-fermenting apple juice.

Daly, Texas.

Mr. Ross, editor of the Vancouver News and Mr. McLean, editor of the Medicine Hat Times, are in town.

The Crochet Club Hat promises to be a great success to-night. The Committee has been indefatigable in its efforts and it is just the weather for a dance.

The members of the Bass Band are expected to meet on Friday evening, 24th inst., in the parlor room, to talk over plans of instruction. All the members please attend. W. St. John, Leader.

INSPECTOR Moody left with twelve men for Edmonton to-day, in charge of the treasury for the northern tribes.

In spite of the implement weaker the shooting match of the Alberta Rifle Association commenced today. Mr. Baldwin made the highest score, 29 points, at the two long distances.

Major McMillan, Inspector of Indian Affairs is in town. The Major has been to the Prairies Hills and elsewhere, and is of the opinion that the people of Canada have no idea of what a magnificent country it is.

Daly, Texas.

The auction sale of government stores by Mr. Smith to-morrow ought to be well patronized. These stores are soon to take care to have ready to supply the troops in the north.

The Ogallala Milling Co. offer a price of fifteen dollars for the best old house wood board made from the logs exhibited at the agricultural and industrial fair, and for the 4x4 lumber laid made from their floor. This is a good offer and will do much to excite local competition.

As will be seen from our advertisement in another column, Ross Bros. & Co., the well-known Whistler firm of photographers

have opened out in Calgary in the former occupied by Dr. Lafferty, now by Capt. Gordon, who has been ill and the well-known resident of the firm invites a trial.

Recently the Government Agents came to Calgary, of L. G. Bakker old store, repossess the barracks, as advertised in yesterday's issue. Burns, the Auctioneer, say the biscuits are in first-class order, having been kept from any nasture, and will be sold at the highest bidder in lots to our purchase.

Medicine Hat seems also to have given us another "ponter" in regard to this matter. The meeting there seems to have been called and controlled by some of the candidates for parliamentary honors. Both Mr. Davis and Mr. Twiss are likely to be in the field for western Assinibina. Would it not be advisable for some of Alberta's prospective candidates to call a meeting here and show popular consideration of this important matter? It would be an excellent opportunity for them to come before the electors and show what claims they severally have to popular support.

It was pointed out at the meeting we have considered, that an election can take place 43 days after the writs have been issued, and in this case it would be quite possible to have the territorial elections completed by November, or before the Winter session.

The Queen's Cup.

HISTORY OF THE PRIZE FOR WHICH TWO YACHTS ARE CONTESTING.

(From the Brooklyn Eagle.)

The original value of the Queen's Cup was \$100. It was given by the Royal Yacht Squadron in May, 1851, for a race around the Isle of Wight between the Royal Yacht Squadron and the Royal Yacht Squadron of Great Britain. The schooner yacht America, now owned by Benjamin F. Butler, but whose principal owner at that time was Commodore J. C. Steers, of the New York Yacht Club, engaged in the race to sail to the west. Her crew exceeded the length of the natty British yachtsman. She had been built by George Soren and registered in Cowes for tonnage 170 tons. She carried ten top-sails and displayed no less than 100 square yards of canvas. In the great race of Friday Aug. 23, 1851, and held against fourteen crack British yachts, completing the course of eighty-nine miles, despite the loss of George Soren, eight in advance of the other yachts, she carried away her cup. The English yacht America, owned by James Astbury, came here in 1870 to try to regain the cup. On Aug. 23 the race was called, from off Clifton to and around Sandy Hook Lightship, and was won by Mr. Franklin Roosevelt's Mayflower, now owned by Mr. G. T. Moore. The Mayflower was eighth in 1870, and was ninth in 1871. The Conqueror was eighth in 1871, and was ninth in 1872. The Conqueror was eighth in 1873, and was ninth in 1874. Mr. Astbury was with his new schooner yacht the Lively to sail seven races for the trophy. The Lively was second in 1873, and was third in 1874. The Conqueror was eighth in 1873, and was ninth in 1874. The Lively was eighth in 1874, and was ninth in 1875. The Conqueror was ninth in 1875, and was tenth in 1876. The Lively was tenth in 1876, and was eleventh in 1877. The Conqueror was eleventh in 1877, and was twelfth in 1878. The Lively was twelfth in 1878, and was thirteenth in 1879.
